‘In vino veritas, in aqua sanitas’

IN WINE THERE IS TRUTH, IN WATER THERE IS HEALTH

Aqua Sommeliers team is constantly searching for little gems hidden in the best wine regions around the world, constantly looking for unique bottles from small vineyards.

We have created a menu focused in Organic, Biodynamic, Sustainable, and Vegan wines from artisan winemakers who share our respect for nature.

Our producers are among the greatest in their region, producing premium wines and offering the best value, quality and variety.

As our menu changes with the seasons, so does our wine selection, allowing us to create a perfect match between the wine and the dish – one that enhances your gastronomic experience.

VEGAN, wine that is made by not using any animal-derived products during the process of clarifying or fining (to remove protein, yeast, cloudiness...), using instead minerals or plants.

ORGANIC WINE, wine made from organically grown grapes which uses fertilizers and sprays made only from natural compounds.

BIODYNAMIC WINE, in addition to organic practices, biodynamic farmers rely on special plant, animal and mineral preparations to enhance the health of their soils and the vines. They also consider the position and rhythmic influences of the sun, moon, planets and stars as guide when to prune, plant or dig.
